

DON'T GET CAUGHT IN
**THE LINE
OF FIRE**

**KNOW YOUR WORKPLACE
- PREVENT ACCIDENTS!**

HSElife NL Industry-wide campaign

5

to remember

1

Discuss the risks of the work and the safety precautions **in advance** with all those involved (toolbox meeting).

2

Keep in mind the **8 eight risk areas** of 'in the line of fire'.

3

Take appropriate **safety precautions** and **check them regularly**.

4

Perform a **Last Minute Risk Analysis (LMRA)** in the workplace immediately before starting work and after any change in the situation.

5

Think about your own behavior: **don't rush, don't be frustrated**, make sure **you're rested** before you go to work and **don't be complacent** but **always stay alert**.

If in doubt, stop work and discuss with the site manager or supervisor!

***Work safely or don't work at all and remember:
don't get caught in THE LINE OF FIRE!***
